

SHEETCAM SOFTWARE

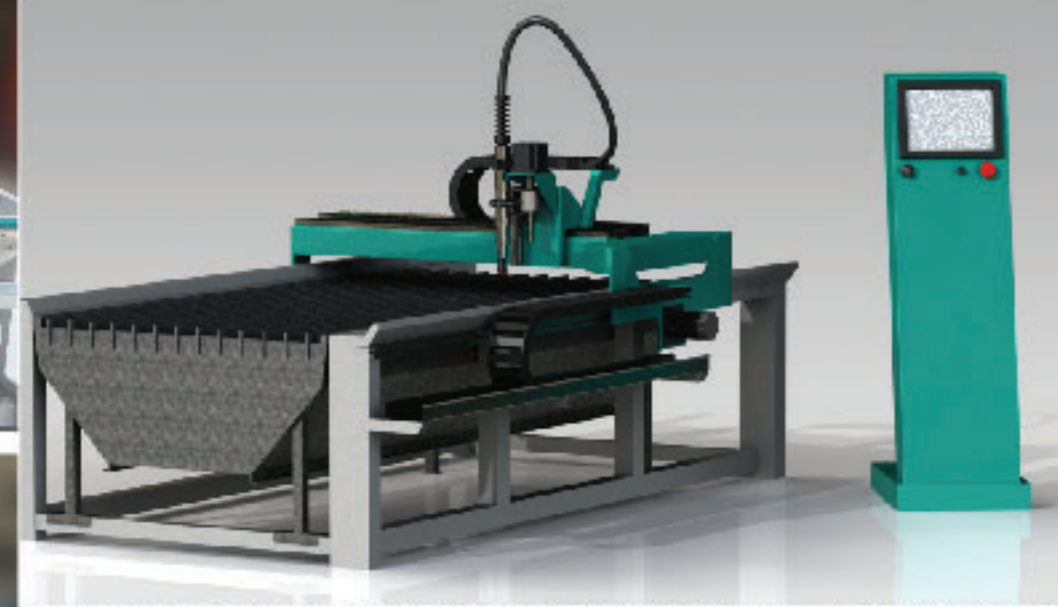

- Import dxf,dstv,hpgl.cnc
- USD 2.0 port.
- 2D simulations
- Provides the ability of rotate, mirror, copy and zoom the designs to be produced.
- Automatic hole recognition
- Automatic place lead-in and lead-out
- Automatic nesting system (optional)

OPERATOR'S CONSOLE

- Industrial tablet pc windows 7
- 15" touch screen
- Wireless keyboard and mouse
- Mach3 control software

EFESTUS
CNC
CUTTING
TABLE

**P. XINARIS
MACHINERY**
CNC MACHINES

A: 4, Kivelis Str.8010 Pafos – Cyprus
T: +357 99 632 192 | F: +357 26 931 406
E: p.xinaris@cytanet.com

FEATURES

- › Robust steel frame welded and machined
- › Linear guides on all axes
- › Ball screw on z drive
- › Stepper drive system(or ac servo optional)
- › Rack and pinion on X,Y
- › Automatic torch height control
- › Cutting table with duct option
- › Scrap drawer
- › Torch anticollision mechanism
- › Cable chain tracks

MODEL DESCRIPTION:

Efestus is a low cost cnc cutting solution for various metal working jobs,such as metal constructions,-ducting industries, machineries etc. it can use air plasma,flame cutter and marking scriper.

The machine is very simple but offers all the features of modern cnc tables.

Also is fabricated with hi quality mechanical and electornic components for long life and reability.

EFESTUS CNC CUTTING TABLE,
FOR AIR PLASMA, AND OXY FUEL
CUTTING TORCH. PRODUCED ON
CUSTOM DIMENSIONS AND
CUSTOM FEATURES.

SPECIFICATIONS

Effective Cutting Area	up to 1500mm X 3000mm
Z clearance	120mm
Over all dimensions	up to 3800x1700mm
System power	750w
Drive system power	500W
Voltage	240V
Max cutting speed	6000mm/min
Rapid speed	12000 mm/min
Machine weight	up to 1000kg
